journalctl -u balena -xef
-- Logs begin at Tue 2021-11-02 21:08:36 UTC. --
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113031 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113037 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113049 (exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113050 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113056 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113068 (exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113069 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113075 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113097 (exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113098 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113104 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113124

(exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113125 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113131 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113144 (exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113145 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113151 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113163 (exe) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113164 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Found left-over process 113170 (balena) in control group while starting unit. Ignoring.
Nov 02 21:45:26 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.

Nov 02 21:45:26 68e5f85 balenad[113181]: chmod /var/lib/docker: read-only file system
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Main process exited, code=exited, status=1/FAILURE
Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Failed with result 'exit-code'.
Nov 02 21:45:26 68e5f85 systemd[1]: Failed to start Balena Application Container Engine.
Nov 02 21:45:26 68e5f85 systemd[1]: Dependency failed for Balena Application Container Engine.

Nov 02 21:45:26 68e5f85 systemd[1]: balena.service: Job balena.service/start failed with result 'dependency'.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 1580 (balena-engine-c) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 1591 (balena-engine-c) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 1592 (balena-engine-c) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 100041 (balena-engine-c) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 100583 (balena-engine-c) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112755 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112756 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112762 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112774 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112775 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112781 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112793

(exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112794 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112800 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112812 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112813 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112819 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112831 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112832 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112838 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112869 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112870 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112876 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.

Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112896 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112897 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112903 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112915 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112916 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112922 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112935 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112936 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112942 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112954 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112955 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112961 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a

previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112984 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112985 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 112991 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113011 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113012 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113018 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113030 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113031 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113037 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113049 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113050 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113056 (balena) in control group while starting unit. Ignoring.

Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113068 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113069 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113075 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113097 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113098 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113104 (balena) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113124 (exe) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113125 (balena-healthch) in control group while starting unit. Ignoring.
Nov 02 21:48:35 68e5f85 systemd[1]: This usually indicates unclean termination of a previous run, or service implementation deficiencies.
Nov 02 21:48:35 68e5f85 systemd[1]: balena.service: Found left-over process 113131 (balena) in control group while starting unit. Ignoring.
